

AMENDED IN ASSEMBLY JUNE 1, 2009

SENATE BILL

No. 743

**Introduced by Committee on Health (Senators Alquist (Chair),
Aanestad, Cedillo, Cox, DeSaulnier, Leno, Maldonado, Negrete
McLeod, Pavley, Strickland, and Wolk)**

February 27, 2009

An act to amend Section 1799.111 of the Health and Safety Code,
relating to mental health.

LEGISLATIVE COUNSEL'S DIGEST

SB 743, as amended, Committee on Health. Health facilities:
psychiatric patient release.

Existing law allows for the detention, for a 72-hour evaluation, of any person who, as a result of a mental disorder, is a danger to others, or to himself or herself, or is gravely disabled, as defined. Existing law provides immunity from civil and criminal liability for specified licensed general acute care hospitals, licensed acute psychiatric hospitals, licensed professional staff at those hospitals, or any physician and surgeon providing emergency medical services in any department of those hospitals for the detention of a person who is subject to a 72-hour evaluation as provided above. Immunity is also provided, under specified circumstances, for the actions of a person after release who was detained up to 24 hours pursuant to their qualification for a 72-hour evaluation.

This bill would extend the immunity from civil and criminal liability to the specified facilities and staff for the detention of any person who meets specified criteria, whether or not they qualify for a 72-hour evaluation, and for the actions after release of a person who was detained up to 24 hours and who meets specified criteria.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 1799.111 of the Health and Safety Code
2 is amended to read:
3 1799.111. (a) ~~A~~*Subject to subdivision (b), a* licensed general
4 acute care hospital, as defined in subdivision (a) of Section 1250,
5 that is not a county-designated facility pursuant to Section 5150
6 of the Welfare and Institutions Code, a licensed acute psychiatric
7 hospital, as defined in subdivision (b) of Section 1250, that is not
8 a county-designated facility pursuant to Section 5150 of the
9 Welfare and Institutions Code, licensed professional staff of those
10 hospitals, or any physician and surgeon, providing emergency
11 medical services in any department of those hospitals to a person
12 at the hospital shall not be civilly or criminally liable for detaining
13 a person if all of the following conditions exist during the
14 detention:
15 (1) The person cannot be safely released from the hospital
16 because, in the opinion of the treating physician and surgeon, or
17 a clinical psychologist with the medical staff privileges, clinical
18 privileges, or professional responsibilities provided in Section
19 1316.5, the person, as a result of a mental disorder, presents a
20 danger to himself or herself, or others, or is gravely disabled. For
21 purposes of this paragraph, “gravely disabled” means an inability
22 to provide for his or her basic personal needs for food, clothing,
23 or shelter.
24 (2) The hospital staff, treating physician and surgeon, or
25 appropriate licensed mental health professional, have made, and
26 documented, repeated unsuccessful efforts to find appropriate
27 mental health treatment for the person.
28 (A) *Telephone calls or other contacts required pursuant to this*
29 *paragraph shall commence at the earliest possible time when the*
30 *treating physician and surgeon has determined the time at which*
31 *the person will be medically stable for transfer.*
32 (B) *In no case shall the contacts required pursuant to this*
33 *paragraph begin after the time when the person becomes medically*
34 *stable for transfer.*
35 (3) The person is not detained beyond 24 hours.

1 (4) There is probable cause for the detention.

2 ~~(5)~~

3 (b) If the person is detained *pursuant to subdivision (a)* beyond
4 eight hours, but less than 24 hours, ~~all~~ *both* of the following
5 additional conditions shall be met:

6 ~~(A)–A~~

7 (1) A *discharge or* transfer for appropriate evaluation or
8 treatment for the person has been delayed because of the need for
9 continuous and ongoing care, observation, or treatment that the
10 hospital is providing.

11 ~~(B)~~

12 (2) In the opinion of the treating physician and surgeon, or a
13 clinical psychologist with the medical staff privileges or
14 professional responsibilities provided for in Section 1316.5, the
15 person, as a result of a mental disorder, is still a danger to himself
16 or herself, or others, or is gravely disabled, as defined in paragraph
17 (1) of subdivision (a).

18 ~~(b)~~

19 (c) In addition to the immunities set forth in subdivision (a), a
20 licensed general acute care hospital, as defined in subdivision (a)
21 of Section 1250 that is not a county-designated facility pursuant
22 to Section 5150 of the Welfare and Institutions Code, a licensed
23 acute psychiatric hospital as defined by subdivision (b) of Section
24 1250 that is not a county-designated facility pursuant to Section
25 5150 of the Welfare and Institutions Code, licensed professional
26 staff of those hospitals, or any physician and surgeon, providing
27 emergency medical services in any department of those hospitals
28 to a person at the hospital shall not be civilly or criminally liable
29 for the actions of a person detained up to 24 hours in those hospitals
30 who is subject to detention pursuant to subdivision (a) after that
31 person's release from the detention at the hospital, if all of the
32 following conditions exist during the detention:

33 (1) The person has not been admitted to a licensed general acute
34 care hospital or a licensed acute psychiatric hospital for evaluation
35 and treatment pursuant to Section 5150 of the Welfare and
36 Institutions Code.

37 (2) The release from the licensed general acute care hospital or
38 the licensed acute psychiatric hospital is authorized by a physician
39 and surgeon or a clinical psychologist with the medical staff
40 privileges or professional responsibilities provided for in Section

1 1316.5, who determines, based on a face-to-face examination of
2 the person detained, that the person does not present a danger to
3 himself or herself or others and is not gravely disabled, as defined
4 in paragraph (1) of subdivision (a). In order for this paragraph to
5 apply to a clinical psychologist, the clinical psychologist shall have
6 a collaborative treatment relationship with the physician and
7 surgeon. The clinical psychologist may authorize the release of
8 the person from the detention, but only after he or she has consulted
9 with the physician and surgeon. In the event of a clinical or
10 professional disagreement regarding the release of a person subject
11 to the detention, the detention shall be maintained unless the
12 hospital's medical director overrules the decision of the physician
13 and surgeon opposing the release. Both the physician and surgeon
14 and the clinical psychologist shall enter their findings, concerns,
15 or objections in the person's medical record.

16 ~~(e)~~

17 (d) Nothing in this section shall affect the responsibility of a
18 general acute care hospital or an acute psychiatric hospital to
19 comply with all state laws and regulations pertaining to the use of
20 seclusion and restraint and psychiatric medications for psychiatric
21 patients. Persons detained under this section shall retain their legal
22 rights regarding consent for medical treatment.

23 ~~(d)~~

24 (e) A person detained under this section shall be credited for
25 the time detained, up to 24 hours, in the event he or she is placed
26 on a subsequent 72-hour hold pursuant to Section 5150 of the
27 Welfare and Institutions Code.

28 ~~(e)~~

29 (f) The amendments to this section made by the act adding this
30 subdivision shall not be construed to limit any existing duties for
31 psychotherapists contained in Section 43.92 of the Civil Code.

32 ~~(f)~~

33 (g) Nothing in this section is intended to expand the scope of
34 licensure of clinical psychologists.
